**NOTIFICATION OF
SOUTHERN CALIFORNIA GAS
COMPANY'S REQUEST TO INCREASE
RATES FOR 2022 AND 2023
A.17-10-008**

In April 2020, Southern California Gas Company (SoCalGas®) filed a Petition for Modification of the 2019 General Rate Case decision with the California Public Utilities Commission (CPUC), a required filing. SoCalGas is requesting rate increases of \$155.1 million (or 4.95%) in 2022 and \$136.8 million (or 4.16%) in 2023 to establish revenues for those years.

HOW WILL THIS AFFECT MY GAS BILL?

If the CPUC approves SoCalGas' requested increase, the impact on the monthly bill of 35 therms/month would be a decrease of \$0.01 (or -0.01%) in 2022¹ and an increase of \$1.56 (or 3.0%) in 2023. Individual customer bills may vary. **New rates would become effective in January 2022.**

¹ 2022 rates are expected to decrease with balance in the 2019 General Rate Case Memorandum Account (GRCMA) going to zero.

CPUC PROCESS

This application will be assigned to a judge, who will consider proposals and evidence presented during the formal hearing process. The judge will issue a proposed decision which may adopt SoCalGas' application, modify it or deny it. Any CPUC Commissioner may sponsor an alternate decision. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners.

The Public Advocates Office (Cal Advocates) has reviewed this application. Cal Advocates is the independent consumer advocate within the CPUC with a statutory mandate to represent customers of investor-owned utilities to obtain the lowest possible rate for service consistent with safe and reliable service and the state's environmental policy goals. Cal Advocates has a multi-disciplinary staff with expertise in economics, finance, accounting and engineering. For more
