Good morning,

Thank you again for meeting with us on Monday to discuss the VCM project, including the anticipated timing for presentation of a draft PEA. As discussed, we plan to submit our Rule 16.6 extension letter no later than tomorrow. However, at this time we do not anticipate seeking an extension of time for the three month "waiting period" between submission of a draft PEA and the filing of a CPCN application as required by GO 177. Rather, the letter will simply cite to the new GO requirements, and estimate a date for production of a draft PEA, while noting our continued collaboration. We are still firming up that date for inclusion in the letter, though it will likely be later than the timeline we anticipated on Monday. You will all be cc'd on the request to be sure you see it as soon as it goes out. We will be available to answer any questions as well.

Thanks!

**Joe Mock**  
Director, Regulatory Affairs  
SoCalGas
