Here is a link to an MS OneDrive folder that I just named, if you have the ability to upload files there.

Hi [REDACTED] / Mike –

I looked back and last year, a different agency that is a client of ours invited me to activate an account via Kiteworks. The invitation came to me from the agency.

Perhaps Mike @ CPUC can invite me to activate an account through my email?

If that doesn't work, I will send Mike a Microsoft OneDrive folder location where he should be able to upload files to Aspen. Thanks

Mike and Brewster,

As I feared, I could not send directly via Kiteworks to Brewster. Kiteworks will not allow me to send a message when I add Brewster to the distribution.

Do you know how we can work around that issue? Or when I upload, can you (Mike) forward to Brewster in Kiteworks?

Subject: Test Upload via Kiteworks

Hi Mike and Brewster,

I am going to send a test upload through Kiteworks just to make sure you both can receive my message/upload in preparation for tomorrow's upload of our Draft PEA.

My experience is that to receive any messages/uploads, one has to have access to Kiteworks. So, Nick copied here will not see the upload.

I plan to just upload a random PDF of I1508019 PG&E Safety Culture Final Decision that is on my desktop.

Again, just a test to make sure we have no issues for tomorrow. When you download, I'll see the email confirmation.

Thanks.

Great, that will make things a lot easier to send and share. I'll check in the week of the 15th to make sure I have the list of folks to include when I send via Kiteworks on the 24th.

Thanks!

All - As long as a link is sent to me, I should be able to gather items from Kiteworks without trouble.

Thanks.

Brewster

Hi [REDACTED],

Kiteworks should be fine, but I'll confirm with our consulting team who will be assisting with the review of the draft PEA.

Mike

Good morning Mike,

I had a question about delivery of the Draft PEA for you and the team to review. As you know from the extension request and the CPUC Executive Director' response we are planning to provide the Draft PEA to you all on May 24, 2023.

Per the PEA Checklist regarding the Draft PEA:

3. Draft PEA Provided Prior to PEA Filing

A complete Draft PEA will be filed at least three months prior to application filing. CPUC CEQA Unit Staff and the CPUC consultant team will review and provide comments on the Draft PEA to the Applicant early in the three-month period to allow time for Applicant revisions to the PEA.

In planning for sending/sharing the Draft PEA with you, can we provide the Draft PEA all electronically via Kiteworks or do you have a different requirement or expectation for hard copies and electronic versions on discs?

I want to make sure I let our team know so that we prepare to transmit/ship the Draft PEA in the appropriate format for your review.

Regards,

Hi Mike,

Nick Hontucan (Project Manager for the VCM) would be the contact for invoicing. He is copied above.

Let me know of any further questions,
[REDACTED]

Hi [REDACTED],
Can you identify a contact at SoCalGas for invoicing?
Thanks.

Mike
