

**APPLICATION OF SOUTHERN CALIFORNIA GAS COMPANY & SAN DIEGO GAS & ELECTRIC COMPANY FOR AUTHORITY TO REVISE THEIR NATURAL GAS RATES AND IMPLEMENT STORAGE PROPOSALS
IN THE 2024 COST ALLOCATION PROCEEDING (A.22-09-015)**

**(DATA REQUEST WMA-01)
DATA RECEIVED: JULY 27, 2023
DATE RESPONDED: AUGUST 10, 2023**

QUESTION 1:

- 1) Please refer to SoCalGas Advice Letter 6071, which resulted in an increase to the submetering discount in Schedule GS from \$0.288/space/day to \$0.3429/space/day for non-CARE customers. (See tariff sheet 60333-G.)
 - a. Please explain why the submetering discount increased outside of a cost allocation proceeding? What triggered this change?

RESPONSE 1.a.

SoCalGas updated the submeter credit effective January 2023, as part of SoCalGas's Advice Letter No. 5907 on December 1, 2021, for the Triennial Cost Allocation Proceeding (TCAP) Implementation Decision (D.) 21-07-019 update. The submeter credit was triggered by escalated customer costs. D.21-07-019 authorized SoCalGas and SDG&E to update cost allocation based on 2016 recorded data and escalated to 2023 dollars for the customer-related medium and high-pressure distribution functions using the Long Run Marginal Cost method.

- b. Please provide a copy of the submetering credit Excel model workpapers used to calculate the new \$0.3429 discount. Please submit all supporting calculations with all formulas intact and readable.

RESPONSE 1.b.

See excel file, WMA-01_Q1b_SCG 2020TCAP Submeter Credit.
